

## DATASHEET

### SC010

Aerosol test spray for smoke detectors

#### MAIN FEATURES

- Aerosol test spray for smoke detectors
- HFC free
- non-flammable

#### TECHNICAL SPECIFICATIONS

##### Physical characteristics

|                     |                 |
|---------------------|-----------------|
| Physical dimensions | 250 ml canister |
| Net weight          | 352 g           |

##### Environmental characteristics

|                     |                 |
|---------------------|-----------------|
| Storage temperature | Up to 50°C max. |
|---------------------|-----------------|

##### Other characteristics

|                |                         |
|----------------|-------------------------|
| Vandal proof   | No                      |
| Compliance     | CE, REACH, RoHS 3, WEEE |
| Certification  | CE, UL, ULC             |
| Category       | Reference               |
| Test Equipment | SC008CO                 |
