

DATASHEET

TESTIFIRE-BP

XTR2 Lithium-ion battery pack

MAIN FEATURES

- XTR2 Lithium-ion battery pack

TECHNICAL SPECIFICATIONS

Power supply

Operating voltage	10.8 V (35.1 wh / 3250 mAh)
Power source	: USB-C connection
Charging time	50% charge 23°C: < 1 hour

Physical characteristics

Colour	Black
--------	-------

Environmental characteristics

Operating temperature	5 to 40°C (41 to 104°F)
Storage temperature	-10 to 50°C (14 to 122°F)
Relative humidity	0 to 85% non-condensing - operating0 to 90% non-condensing - storage
Environment	Indoor

Other characteristics

Vandal proof	No
Compliance	CE, REACH, RoHS 3, WEEE
Product brand	testifire
Category	Reference
Test Equipment	TESTIFIRE-CHAK
